HyDraw® CAD 2020 Hotfix 14 EN

Applicability: HyDraw CAD 2020 EN with SP2 installed

Issues Resolved:

1. Insert Component into drawing using "Part Number" present in the Excel File.

2. Export Parts List without column headers if no headers is set in HyDraw > Options.

3. Incorrect sequence of Accessory Item IDs after manually changing the Component item ID.

4. Automatic numbering for Accessory Item IDs is not correct in some specific cases
